Join Mark Daniel and Debbie Danbrook for an evening of Restorative and Sacred Sound. Together we honour the Summer of 2015 as it prepares to acquiesce to Autumn. We will also be appreciating the story of the upcoming Sturgeon Full Moon and how it shares that even in time of laughter some of the greatest gifts are found deep within.

Both Debbie and Mark bring worlds of experience together as they weave soothing and tranquil sounds into the Sacred Space. Debbie will share through her Zen inspired Shakuhachi Flute, Native Flute and Angelic Voice.

Mark will share the song of the Tibetan and Crystal Singing Bowls, which are appreciated as transformative meditative instruments.

Together Mark and Debbie create a deep reaching and invigorating experience that invites each participant to be part of the event. Other sacred objects will include; Soft Gongs, Fairy chimes, Fairy Stick, Native Spirit Drum, larger Chimes and Tingshas. The revitalizing and powerful sound vibrations lead you to a relaxed meditative state that inspires healing & rejuvenation

Please Join us for this transformative, harmonious and healing experience.
